Re: *In the Matter of: The Application of Parallel Infrastructure on Behalf of New Cingular Wireless PCS Limited Liability Company for the Issuance of a Certificate of Public Convenience and Necessity to Construct a Tower in Carter County, Kentucky,*  
PSC Case No. 2014-00143.

Dear Mr. Derouen:

Enclosed for filing please find Responses to Commission Staff's Requests for Information submitted by Parallel Infrastructure on behalf of New Cingular Wireless PCS Limited Liability Company ("New Cingular"), along with a motion for enlargement of time requesting that the responses be accepted for filing beyond the deadline established by the Commission.

Pursuant to Request for Information No. 1, New Cingular is also submitting for filing an Amended Application. In Paragraph 2 of the original Application, the location of the proposed tower was identified incorrectly as 122 Beverly Hills Drive, Grayson, Kentucky. This error was repeated in the notices sent out to affected property owners and in the notice published in the Grayson Journal-Inquirer. The correct address of the proposed tower is 127 Beverly Hills Drive, Grayson, Kentucky. The enclosed Amended Application corrects this error. It is being submitted along with corrected notice letters that were sent out to affected property owners on August 29, 2014, and a copy of the notice information that will run in the Grayson Journal-Inquirer. No other exhibits from the original Application are being amended.
